Maybe even better than free.

You decide who you want to share your files with. No account or credit card is required to get started. File is free to use with no gotchas and no hidden fees. There are no restrictions on the number of times a file can be downloaded. You don't need any special software installed to be able to download your files. It is also allowed to link to the download page from websites and communities. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service is completely free for everyone. If only we could, we surely would! On the other hand, using file can actually save you money. Any file in any format can be uploaded and downloaded for free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free and simplefilehosting service now. Files can be downloaded from any computer from our high speed servers. Unfortunately, we can't make that part free. filehostingprovides an easy possibility for you to send large files to your friends. You can upload any type of file (movies, music, documents, images, zip files and more).Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we're all100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device.The cost of that data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and share the link. You can give thisdownload link to your friends by mail or instant messenger. We have no file size limit. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. Keep your files private, or send your download links only to friends or family. Using file, you cancircumvent those limits without paying to upgrade your team chat service.
