This achingly retro projector hasnt been used for many years and sadly doesnt currently power up, so will need a good service before any further use. The outer casing has quite a few marks but seems to be dentfree and will look good after a thorough clean. Happy to send within the UK or Europe at the rates shown. If you have any questions please feel free to ask and Ill try to answer as best I can. Helens, United Kingdom Feedback 4402 100% Brand Gnome Type Slide Projectors Movie Film Format 6x6 large format slides A wonderful looking vintage Gnome slide projector, with solid metal body and very nice great paint finish. Dating from the 1950s it is for large format 6x6 slides and NOT standard 35mm slides. It comes with 2 nice, good quality lenses. No box, packaging or instructions.

Tested and working well, very bright clear picture. The slide carrier could do with some lubrication to get it to move better, its slightly jolty. For transit, I will remove the bulb and wrap separately to try to protect it as much as possible. Postage by Hermes Tracked. Loads of other similar items on sale, please visit my shop, always happy to combine shipping on any multiple purchases. Im original box and made in England. The projector works perfectly and the lens is fantastic and very sharp. For its age, this was and still is a fantastic piece of kit. There are some slides with the projector. They consist of various family shots from original owner. It will be sent out with a courier service to ensure safety. Dispatched with Other 48h Courier. During the recent Covid outbreak we have a responsible delivery team taking all precautions with advised PPE. If needed they can deliver your larger item to your door and NOT in to your house. Thank you for looking. This make is very high quality and easy to use. They are also a very elegant period design. This one is shown working, with a screen shot remarkable quality for 8mm I think. It comes with plug, its original box no instructions, though if you wish to collect in person this can be shown working, and threaded up which is very straightforward, and it has a smart take up reel. This could be displayed or used. Bulb Good! Some wear to paint on lens housing and top piece. Please see pics. Comes in original carry. Original instruction booklet. Tested and in good working order with original instructions and spare bulb. No acetate reels or acetate sheets. Collection in person only. The complete eBay Selling Solution. Working, PAT tested. Some cosmetic age wear and some small rust spots seen in the picture. Projector is designed for 240v British electrical connection only, If purchased overseas, please do contact your local electrician as lamp may not work on foreign electrical connection and may require rewiring to match foreign electrical standards. Comes boxed with manual and 36 slide straight magazine. In good condition for age. Tested and works correctly. Carry case is worn but is to be expected with the age. No serious damage, mostly off colouring and corner wear. Perfect piece for any collector or Slide projector enthusiast.

Does not come with any spare lamps and does not come with a slide charger. The manual is water damaged and frayed along the bottom but all of it can still be read. The stickers on the box are damaged around the edges. The box is quite worn. The projector appears to be in very good condition. It needs a flat head screwdriver to open it. It has not been tested. The mains lead is inside the box but the wires are cut and there is no plug attached. There is a plaque missing from the case of the projector. Has been well looked after and kept in its original box. Included is the mains power cable, a spare take up reel, and the original manufacturers instructions. Free UK shipping, cheap shipping to Europe, ask me for a quote. Washable White Snow Surface Please note collection only. Bournemouth Thanks for looking. Vintage Amprosound Projector made by the Ampro Corporation in

Chicago most likely in the 1940s It seems to be in fairly good condition although it doesnt have a mains lead so we cant test it its listed here as spares or repair. Its complete with its original hard case and even a Mazda bulb which we found in a compartment in the case. Its a really nice looking old thing and we dont want to part with it. Due to the weight of this items its listed here as collection in person from Woolston in Warrington, Cheshire between 9am Monday to Thursday, 9am 1pm Fridays or 1012 Saturdays Well need an accurate day and time for collection as this is in an unmanned storage unit. Sorry but due to eBays policy on sending contact details we cant respond to messages asking for an address or to arrange a viewing. Thanks for reading all the waffle and good luck. PLEASE NOTE while this comes with a bulb please assume you will need a new bulb. The bulb is currently working and I will leave it with the projector but they don't always survive the postage. For this reason please note you will need a replacement bulb. Working order very nice projector.

Marks on the outer cover from where it has been kept. Particular on the top part. Comes with a spare reel that the wire is currently round. Projector and advertising sheet only. The projector is untested and sold as seen. The adapter is missing its plug so we cant test with that. The battery compartment looks nice and clean though. The projector is in excellent cosmetic condition. Will need rewiring Dispatched with Royal Mail 2nd Class. This projector is all original and in excellent condition. It has all its original wiring and round 3 pin plug. Inside is very clean and bulb looks fine. Ive no adaptor for the three pin round plug so have been unable to test. But judging by how clean and the condition wouldnt expect to be any problems. Wear commensurate with age and use Heavy item. I will ship internationally but please ask for quote before bidding. It may be different than price quoted in listing. I will ship within 5 days of cleared payment. I also offer collection in person. Payment via PayPal or cash on collection. Collection must be within 14 days of end of auction unless otherwise arranged through eBay messaging. Thank you for looking and please check out my other items which maybe of interest. This projector takes 2x2 inch slide transparencies. It has a slide carrier. The lens is an Anastigmat 100mm f2.8. Comes in a wooden case. 42x23x34cms During the recent Covid outbreak we have a responsible delivery team taking all precautions with advised PPE.
